

# Application for Signature Membership

## Semi Annual Jurying

Having fulfilled the requirement for participation in a series of a minimum of three monthly critiques of my work, I would like to be considered for Signature Status in the Shenandoah Valley Watercolor Society. I would like to participate in the semi-annual jurying to be held by the Standards Committee, in **February** or **August** (circle one that suits you best). I understand that in order to be considered, I must present four (4) completed pieces, one suitably matted and framed in order to demonstrate your understanding of proper matting and framing. Two of the pieces must have been completed during the past year. These pieces are to be delivered at a time and address to be arranged and may be picked up following the critique.
